CASE 6-1 Gallons

5-Gallon Pail

55-Gallon Drum

AEROGREEN 4140 CONCRETE CLEANER quickly and easily removes caked-on dirt, oils, greases, fuel residue, mold, mildew, fungus, along with a variety of soils from the concrete surface.

The growth of mold and mildew on concrete can not only cause unattractive stains, it can be hazardous to your health and spread to other materials nearby.

Using AEROGREEN 4140 Concrete Cleaner regularly will help prevent the return of mold, mildew, and or fungus to concrete driveways, sidewalks, runways, and other concrete surfaces.

For use with all types of power washers and power brooms.

- No odor
- Leaves no residue
- No hazardous waste
- Non-combustible
- No respirator or special hazardous training required

CONCRETE CLEANER

Cleaning concrete periodically will extend its service life and enhance its beauty. It can be difficult to tell when concrete is in need of cleaning because the dirt and grime can build up so slowly. However, once the process is done, the results of freshly cleaned concrete are very noticeable.

Oil and Grease: Concrete with oil and grease stains. Removal of oil from parking lots, drive-through-and other concrete pavements is the most common concrete power-washing application. AEROGREEN 4140 In addition to hot water will greatly increase removal rates of oil and grease. Hot water lifts the oil from the concrete, while 40140 emulsifies the oil, allowing it to be flushed from the surface.

Concrete Wall and Surface with Rust: Heavy rust stains can penetrate deeply into concrete, so they can be tough to remove completely. Pre-spray with AEROGREEN AC10 Rust Remover followed by power washing to remove rust stains.

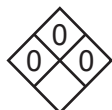

Directions For Use

- 1) Pre-Spray the area to be cleaned by adding AEROGREEN 4140 to a coarse sprayer or low pressure spray before power-washing the are with AEROGREEN and let stand the area.
- 2) Rinse the concrete thoroughly with the power washer.
- 3) Allow to completely dry , especially if a coating is to be applied after cleanering.

Oil/Water Separator and/or Pre-treatment Compatibly
